

Honorable Members
Texas House of Representatives
Austin, Texas

Dear Honorable Members and Members-Elect,

The resounding victory by conservatives in Texas and around the nation on Election Day was not the result of any particular politician or group. It was the result of citizens rising up and making their voices clearly heard and it should be taken for precisely what it is: a mandate for conservative policy leadership.

The victory of nearly two dozen new conservative Republican legislators reflects the mood of Texas voters on the state's critical issues. It was a clarion call for conservative leadership in the Texas House – leadership that has been absent the past two years. This desire for conservative leadership must be reflected from the Office of the Speaker to every committee chairmanship.

A change to a more conservative Speaker is in order. The voters who labored hard for this conservative majority expect it to diligently represent their conservative values.

Texans voted with the expectation they would see meaningful change for their businesses and families. The same conservative voters who made this near-supermajority possible will be just as engaged in the months ahead, as they have been leading up to Victory Night. These voters will be watching and actively participating.

We urge you take time to ask your constituents – the people who walked your precincts and made calls to their neighbors; the people who voted for you – what kind of person they want serving as the state's third-ranking constitutional officer, and what kind of committee chairs they expect. It is their right to be involved and engaged in this important decision.

We look forward to working with this reinvigorated conservative majority throughout the coming legislative session!

Respectfully,

Michael Quinn Sullivan
President, Empower Texans

Tim Lambert
President, Home School Coalition

Peggy Venable
Americans for Prosperity – Texas Director

Elizabeth Graham
Director, Texas Right to Life
